Frequently Asked Questions re: Claims

What is the “waiting period”?

Each state regulates the number of days an injured worker must be off work due to a work related injury before compensation (wage) payments may begin. This period is referred to as a “waiting period” and the number of days varies by state law. The State of Alabama defines the waiting period as 3 days. Compensation payments begin on the 4th day.

Will an injured worker be paid for the days within the waiting period?

An injured worker may receive compensation payments for the number of days off comprising the waiting period, if he or she is out of work due to the injury longer than a specified period of time.

The reimbursement of waiting period for the State of Alabama is defined as 21 days following the date of disability according to state law. If an injured worker’s disability lasts longer than 21 days, he/she will be reimbursed for the 3 day waiting period.

How do we obtain a list of medical providers or the Employers’ Posted Panel?

Rules and regulations regarding approved medical providers and/or Employers’ Posted Panels for treatment of injured workers vary by state. It is important for every employer to understand how to identify and utilize medical providers and/or Employers’ Posted Panels. For assistance obtaining a list of preferred providers and/or help setting up an Employers’ Posted Panel, please contact the claims office at (800) 388-6268.

Do we have to provide light duty?

Providing light duty within the guidelines of a medically restricted employee of a compensable claim often shortens the length and reduces the total cost of the claim. While light duty may not be possible for some employers, it is recommended that all employers work to incorporate a light duty/return to work program.

How is the compensation rate calculated?

The compensation rate is 2/3 of the average weekly gross earnings of the injured worker. The number of weeks used for calculating varies by state and is subject to the state’s minimum/maximum at the time of accident. The State of Alabama uses gross wages for 52 weeks preceding the date of accident to determine the average weekly gross earnings.

How does the claimant obtain their medication?

The injured worker can obtain their medication from any pharmacy. They should provide the pharmacy with the contact information for ACA for further billing instructions and/or approval as provided below:

Can an employer be reimbursed for medical billing they pay?

If the authorized medical billing relates to the compensable claim, the billing will be reviewed for possible reimbursement at the state fee schedule rate.

If we have a deductible can we pay the claims up to the deductible amount?

No. A deductible applies per claim and is set up on a reimbursement basis. That means you, the employer, should file a First Report of Injury on all work related accidents. If our investigation leads to payment of the claim, we will cover costs first dollar and submit one or more invoices to you for reimbursement as payments are made up to the total/maximum per claim deductible amount noted on your policy.

Not all policies have a deductible. Your policy will include a deductible amount on the Workers’ Compensation Policy Information Page if your policy has a deductible.
